Steps To Appear For Online Olympiad

- 10. On the top of your screen, you can see a summary of examination.
- 11. On the right side in a box, you can see Question Pad with individual question buttons. Each button is color-coded as per the status of the question.
- 12. As you can see question text and image would be visible on the screen along with suitable multiple-choice answers.
- 13. You need to select one of the correct answers out of available choices. You can also change the answer option at any time if needed within the given time span.
- 14. There are 2 buttons below answer options

Mark For Review: you can click it if you wish to mark your question for review

Next Question: You can click on it if you wish to move to the next question. Your current question selection would be saved when you click on Next Question button.

- 15. You can navigate to any question and attempt it. When you reach last question there is button Submit Test. If you click on Submit Test then warning message would be shown related to exam completion.
- 16. Only after completing your examination, click on the **Submit Test** button.
- 17. If you click on the **Submit Test** button your test would be submitted and no further changes would be allowed.
- 18. If you click "No" then you are allowed to recheck the answers. You can review all the questions.

WARNING

The entire examination will be proctored, and if any suspicious activity is noticed, for example changing the tab during the test/ exiting the full screen mode during the test, the system will give warnings to the students. There will be 3 warnings given to each student after which the test will be automatically submitted.

Use of any unfair means will result in disqualification. If any person other than student registered for Olympiad is visible in the camera during examination, the student will be disqualified. If any means are used to record the Question Paper like video recording, photographs of questions etc. are taken, student will be disqualified.
